Automatic Fire Sprinkler System Small Project Submittal Effective April 2022

Small Project Definition:

Any modification to an existing system involving the addition or relocation of 20 sprinkler heads or less (per the State of Colorado) that has no adverse impact on the integrity of the fire protection system including the hydraulic design. Small projects are divided into Level I and Level II

Note: This does not apply to new systems or changes to the riser.

Submittal Items:

Electronic PDF of the items listed below shall be submitted to
firemarshal@pagosafire.com

Permit must be issued prior to work on any Automatic Fire Sprinkler Systems.

- Complete Fire Sprinkler Permit Application can be obtained at the admin offices for PFPD.
- Small Project Suppression Fee
 - The Fee includes permitting and inspections.
- Dimensioned drawing or sketch of the proposed project to include device placement (hard copy required).
- A letter signed by the plans designer or responsible individual on letterhead stating that the work does not affect the hydraulic demand or integrity of the existing fire protection system(s).
- Scope of work including start and completion dates, piping sizes and type, sprinkler head type and model, number of sprinkler heads, and specification sheets for all installed products

Small Project Level I

- Less than 6 sprinkler heads added, relocated, or deleted to an existing system (cumulative).
- This **DOES NOT** require a NICET stamp or signature.
- Permit will be issued within 48 hours of fee payment and complete submittal, not to include weekends and holidays
- You may request an appointment when submitting documents at firemarshal@pagosafire.com if you need to discuss the project.

Pagosa Fire Protection District

- Level I Fee: \$50.00

Small Project Level II

- 7 to 20 sprinkler heads added, relocated, or deleted to an existing system (cumulative)
- NICET stamp or signature is **REQUIRED.**
- A permit will be issued for the work within 21 days of fee payment and complete submittal
- Level II Fee: \$100.00 plus \$2.00 per sprinkler head.

The permit will include the statement that all work is done at the risk of the installer and corrections may be required at the time of inspection. *Required inspections are shown on the permit.*

Call and notify Archuleta County Combined Dispatch at 970-731-2160 prior to working on or testing the Fire Alarm System, notify them when work or testing has been completed as well.
